

THE BIG BLIND

2010 Adelaide Hills Nebbiolo Barbera

Grab

Fruit laden and structured – fun, yet serious!

Spiel

This wine demonstrates the perfect marriage of these two Piedmontese varieties – the fruit and acidity of Barbera melds perfectly with the savoury character and structure of Nebbiolo. Although it's an approachable style from a single vineyard near Kersbrook in the northern Adelaide Hills (340m above sea level on complex sandy clay loams over shale), it's also serious kit!

Colour

Medium brick red

Bouquet

A pungent, intricate nose of nutmeg and cloves, layered with cherry fruit and hints of cordite and cola

Palate

A beautifully balanced palate. The cherry spice and dark chocolate of the Barbera melds perfectly with the elegant leathery structure of the Nebbiolo

Grub Match

Porcini mushroom risotto; smoked tea duck; cured pork sausage

Cellaring

Drink up, but also a 5-8 year proposition

Vintage

We received some of the best winter rains for five years that refilled soil profiles and replenished empty irrigation dams. Hooray! But an unseasonal seven day burst of hot weather in early November during flowering, reduced fruit-set and led to variable yields. Boo! Weather conditions through the ripening months of February and March were ideal with warm sunny days and relatively cool nights. Hooray! Although rain events in April kept us on our toes. Boo! So the 10 vintage 'wasn't all beer and skittles'. The variable ripening made it tough to decide when to pick, but experience and sorcery got us through, resulting in some solid booze in the winery. Hooray!

Vineyard

Caj's vineyard is near Kersbrook in the northern Adelaide Hills - 340m above sea level on complex sandy clay loams over shale.

Vinification

The Nebbiolo is crushed/destemmed and fermented at temperatures ranging from 20- 25°C for 5 days on skins. The Barbera is destemmed only and fermented at similar temperatures for 8 days on skins. The ferments are managed by a variety of techniques, including 'aerative pump overs' and 'drain and returns' which assist in extracting colour, flavour and tannin from the grapes. At the end of fermentation both parcels are drained/pressed, and transferred to 3 and 4 year old French oak hogsheads to undergo MLF. Post MLF, sulphur dioxide is added, and the wines mature sur lie for 16 months. Assemblage takes place at the end of this maturation period. This wine was bottled in September 2011.
