

# JR GANTOS

## 2012 McLaren Vale Cabernet Sauvignon Touriga Nacional

---

### Grab

Classic chocolaty McLaren Vale Cabernet Sauvignon – luscious, seductive, luxuriant!

### Spiel

This wine displays all the hallmarks of classic McLaren Vale Cabernet Sauvignon – blackcurrant, chocolate with a hint of herbaceousness delivered on a rich palate of dense, firm tannins. But JR Gantos loves his port, and couldn't help adding a splash (9%) of Touriga Nacional, which gives a varietal floral lift. St Estephe on steroids meets the Douro!

### Colour

Deep crimson

### Bouquet

Lifted cassis and florals with a hint of leafiness

### Palate

Rich, vibrant blackcurrant and chocolate flavours with a hint of eucalypt are balanced with a core of dense, firm tannins

### Grub Match

Acorn fed black pig, cook's beef stew

### Cellaring

Drink up, but also a 10-15 year proposition.

### Vintage

A tale of hope and glory. Good rains throughout much of 2011 setup vineyards with good soil and vine health going into the growing season. Warmer and drier conditions through October and November followed, which led to strong and healthy shoot growth, and by December, below average crops were evident due to less and smaller bunches. We were full of hope. January and February were characteristically dry, but continued the trend of below-average temperatures. There was a rain event in early March, however it didn't cause any disease issues, and actually refreshed many vineyards and allowed them to ripen steadily. Not surprisingly the cool ripening conditions delivered fruit with intense aromas and flavours, and allowed every site to show its full potential and individuality in the resulting wines. 2012 was a privileged vintage. After the mother of all harvests the previous year, we were rewarded with outstanding quality across all varieties, whilst working with old friends (TSW and JP) in our new 'Home of the Brave' winery.

It will sit among the greatest vintages, perhaps the most glorious! Truly blessed and thankful.

### Vineyard

Joch's vineyard is in the Willunga foothills in the south of the McLaren Vale - 130m above sea level on deep alluvial stony clay loam.

### Vinification

The fruit is crushed/destemmed and fermented at temperatures ranging from 20-25°C for 12 days on skins. The ferment is managed by a variety of techniques, including 'aerative pump overs' and 'drain and returns' which assist in extracting colour, flavour and tannin from the grapes. At the end of fermentation, it is drained/pressed, and transferred to a combination of new (45%) and 3 and 4 year old French oak hogsheads to undergo MLF. Post MLF, sulphur dioxide is added, and the wine matures sur lie for 20 months. This wine was bottled unfiltered in December 2013.
